SUMMARY

Seeking a frontend developer role in Berlin where I can contribute to creative, user-focused digital products.

Languages: English **C1** (fluent), German **B1** (actively improving)

EDUCATION

Bachelor's degree in Computer Science and Engineering

2018–2023

University of Bologna, Cesena Campus

PROFESSIONAL DEVELOPMENT

reactjsday – Italian React Conference

2025

Insights on React and JavaScript concepts, community, best practices, and real-world applications.

WORK EXPERIENCE

BRG – Company for Digital Innovation

2023–2026

Frontend Developer

- Collaborated with UX/UI designers to build responsive, multilingual websites for premium hotels in Italy (Next.js, TypeScript, CSS Modules).
- Led the migration of legacy ASP.NET MVC frontend components to React/Next.js, improving maintainability and enabling reusable UI components.
- Implemented SEO, performance optimization, and accessibility improvements across projects.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3

Frameworks: React, Next.js, Astro

Tools: Git, Figma, Azure

AI Tools: GitHub Copilot, Claude Code, Opencode

Web Technologies: REST APIs, responsive design, web animation, SEO, accessibility

PROJECTS

The Big Bench App

Personal project

- Built a map-based platform for exploring “Big Benches” across Europe, with location details, user reviews, and progress tracking.

React – REST API – NoSQL DB – Authentication

Selected Web Projects on GitHub

Personal projects

- Developed website templates for photographers and videographers, as well as websites for a tattoo artist, a barber shop, and a personal portfolio.

Next.js – Astro – UX/UI design – Performance – SEO

PERSONAL SKILLS

Collaborative, quality-focused, and thoughtful about technical trade-offs. I prioritize maintainable, efficient solutions over quick fixes.

INTERESTS

Drumming, photography and videography.
